Thank you for the information.

Is district tracking kids who are already zoned for schools but are opting in to choice programs like Montessori at RRA and Beaufort for example? I am seeking information on total choice enrollment by school broken down between courtesy kids, choice kids, and zoned kids. It would also be helpful to know these figures by choice program.

Thanks again. I appreciate your time.

Ms. Walrad:

Attached is the documentation in response to your September 25, 2017, FOIA request to the BCSD. The District is unclear as to what data you request with, "number of students in each category by percentage (by school)." Should you require additional data after your review of the attached, please let me know.

You may also find it useful to review the District's most recent five year capital plan. It is located [here](#).
