RFP #21-025 2 Construction Management at-Risk Services Hilton Head Island Middle School - Renovation of School on Active Campus

M. B. Kahn Construction Co., Inc.

148 1/2 East Bay Street, Charleston, SC 29401 Chris Pettit, Executive Vice President (843) 990-7700 cpettit@mbkahn.com

February 23, 2021

Ms. Kaylee Yinger, Chief Procurement Officer Beaufort County School District 2900 Mink Point Blvd Beaufort, SC 29902

Re: Request for Proposal for Construction Management Services for Hilton Head Island Middle School - Renovation of School on Active Campus

Dear Ms. Yinger,

Thank you for the opportunity to present our company and project team to Beaufort County School District and the Staff of Hilton Head Middle School. The chance to partner with BCSD and LS3P again is exciting. As a parent of two Beaufort County students, I see how important this investment is in these schools, and the tremendous effect it will have on both the students and the faculty. The new facilities will not only be wonderful the student body, but will be a great tool to keep, and recruit new teachers and staff to Hilton Head Middle School. It's an opportunity to let the Stingrays have a like new building they are proud of and excited to attend, and as a parent, know they are in a safe environment with the resources they need to succeed.

We want this proposal to not only show you the experience and capabilities of M. B. Kahn Construction, but to show you how we have been a local presence down here for years. Our Superintendents, Project Managers, and tradesmen have worked in the community for over 10 years continuously, and some of us reside or have homes here. We know the market. We know the subcontractors and vendors, and have repeat clients here because we have delivered and have become a part of this community.

Below are keys to success on your project, and how M. B. Kahn will deliver it on time and within your budget and schedule:

Experience Building On And Inside Existing Educational Campuses With BCSD and LS3P

Not only does M. B. Kahn have hundreds of K-12 projects under our belt, we have long term and recent success with working with LS3P on existing campuses. From the complete renovation of portions of James Island Charter High School, to our recent completions of River Ridge and May River High School Addition. We know each other, we trust each other, and we know how to build quality buildings together that will better serve the students and staff. It takes solid relationships like we have with BCSD and LS3P to successfully work within schools, building structures adjacent to active campuses and buildings, and renovating school campuses on weekends, nights, and summers in order to update infrastructure when students were not around. Our Teams know how to keep students and staff safe, and how to COMMUNICATE and PLAN, which is one of the most important aspects of projects like these.

Local and SWMBE Partnering

M. B. Kahn works in both the negotiated, and the hard bid construction world. This not only keeps us in multiple markets but helps us keep a finger on the pulse of each, and by this, knowing when certain scopes are over budget and inflated. Along with this is the balancing act of getting the best value from the market for your client. With offices throughout the state,

we cast a wide net. We pull interest from subs from areas throughout the southeast that will provide the most value. M. B. Kahn also knows the value of utilizing local and SWMBE subcontractors and vendors. It not only provides for a more lean construction practice and making scheduling more efficient, but will provide an Economic Injection to the local economy. In this climate, it will be more important than ever to make sure these projects leave a positive economic footprint in Hilton Head and Beaufort County. With this being such a public and community project, we bring the resources to find that right balance between value and local utilization. We ask that you contact our references in the community, and they will assure you we work to make sure the work stays in Beaufort County first, and we do what say we will do. Our local and SWMBE Reports over the last 10 years will speak for themselves, but we encourage you to reach out to the Subcontractors and Vendors who will attest to strong partnerships built over the years with M. B. Kahn.

Collaborative Preconstruction Services / Committed Team Member -

Major decisions regarding scope, quality, and timing are made during the preconstruction phase that have enormous impacts on the project. We recognize that the best opportunity to maximize the budget is before you put a shovel in the ground. Our preconstruction team will work closely with Beaufort County School District, LS3P, and Hilton Head Middle School's Principal and staff to provide input regarding schedule, cost and quality objectives. Your onsite M. B. Kahn builders are also involved in preconstruction which allows for a seamless transition through design, construction, commissioning, closeout and warranty. Most importantly, our expertise in K-12 Construction on existing campuses gives us a true advantage in delivering successful projects to our educational clients. Your faculty knows us as well. We know how to communicate with Principals, Teachers, Custodial Services, etc. so that we get out in front of potential conflicts. We are currently working successfully on multiple school AND healthcare campuses.

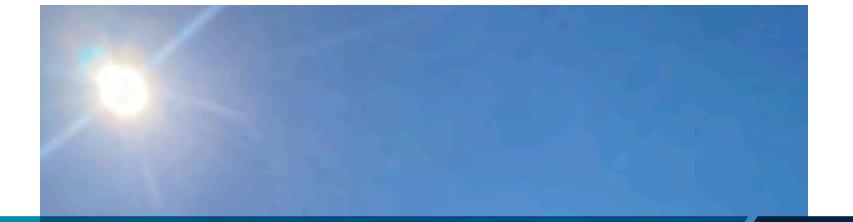

This project is very exciting for us. We look forward to sharing our knowledge of similar projects and construction experience in your backyard, the Lowcountry, and South Carolina. We pride ourselves in being a local builder not only in South Carolina, but in Beaufort County as well. I encourage you to reach out to our references we have provided. They will tell you we work well with owners, architects, and provide a TEAM approach. Our Project Managers and Superintendents truly enjoy what they do, and provide outstanding service from Preconstruction all the way through project closeout. They will make it a project you enjoy and look back on as a great experience.

M. B. Kahn thanks Beaufort County School District for the opportunity to prove why the M. B. Kahn Team is the right partner. We also thank you for the selfless work you provide the children in our community. We know we are building more than buildings - we are helping to expand the campuses that sculpt the young minds that will be our future teachers, doctors, and most importantly, leaders.

Sincerely,

M. B. Kahn Construction Co., Inc.

Chris Pettit Executive Vice President

SECTION 2 - FIRM INFORMATION

M. B. KAHN CONSTRUCTION CO., INC. PROPOSAL FOR THE BEAUFORT COUNTY SCHOOL DISTRICT

M. B. Kahn Construction CONSTRUCTION MANAGEMENT AT RISK SERVICES FOR HILTON HEAD MIDDLE SCHOOL - RENOVATION OF SCHOOL ON ACTIVE CAMPUS

M. B. KAHN CONSTRUCTION CO., INC. 148 1/2 EAST BAY STREET CHARLESTON, SC 29401

M. B. Kahn Construction has been in continuous operation since it was established in 1927, and has grown and prospered by sticking to its founding principles. We have a rich history of distinction and are recognized as a leader in the construction industry across South Carolina and throughout the Southeast.

M. B. Kahn is regarded as one of the foremost construction firms in the United States and has been included, repeatedly, by *Engineering News Record* in their list of the Top 400 General Contractors, Top 100 Design / Build Firms, and Top 100 Construction Management Firms in the nation. And, as the largest privately held construction company in South Carolina, *Engineering News Record* further ranked M. B. Kahn as the Number One Contractor in South Carolina for two consecutive years.

Offering a full line of services that can be structured to fit our clients' particular needs, M. B. Kahn provides

WE'LL GIVE YOU THE BEST BUILDING MONEY CAN BUY, AND WE'LL DO IT ON TIME.

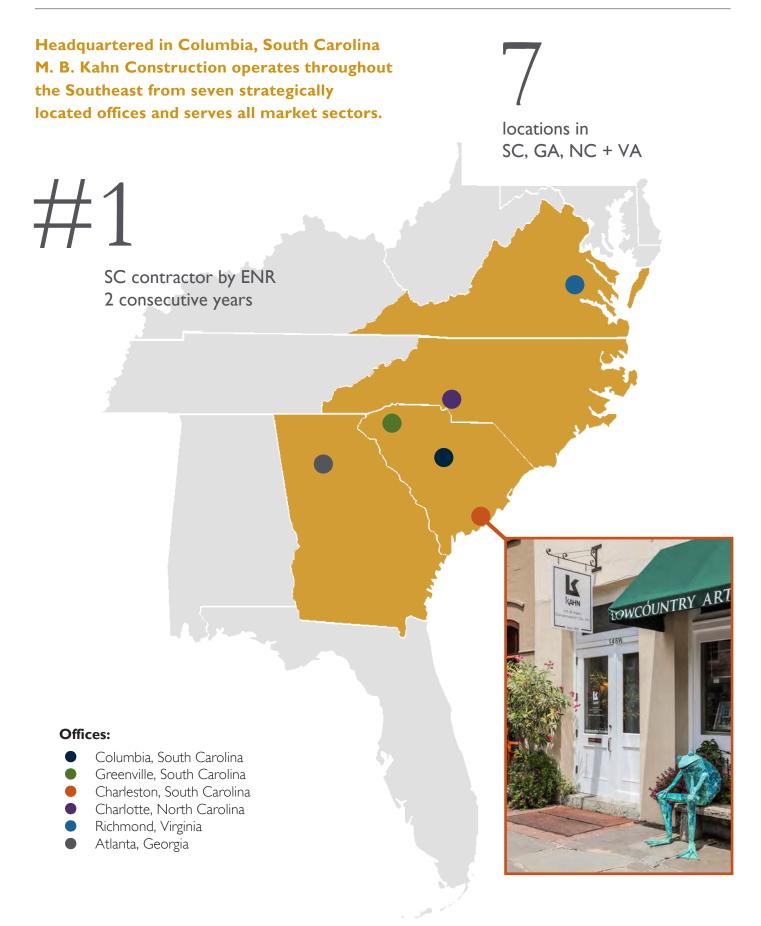

- Irwin Kahn (1912-1990)

general and utility construction, program and construction management, CM at Risk, and design/build services. We offer any combination of our services to create a customized program to meet unique project requirements. And, we take projects from conception to completion with astonishing results, provide the best value for the dollar, and assure completion on time and within budget.

M. B. Kahn enjoys a robust financial condition, and we realize the benefits of a \$750,000,000 bonding capacity. We also have the distinction of having a surety relationship with Traveler's Casualty and Surety Company of America longer than any other construction company in the nation.

M. B. Kahn Construction Co., Inc. is owned by a trust consisting of the grandchildren of Irwin Kahn. More detailed information can be provided upon request.

M. B. Kahn Construction has built a reputation for excellence in construction and has developed successful, long-standing relationships with clients for 94 years.

Describe any company changes that are anticipated to occur during the life of a Project.

No changes are expected to occur during the life of the Project.

Location of corporate headquarters and other divisional offices:

- Corporate Headquarters, 101 Flintlake Road, Columbia, SC 29223
- Construction Management Division, 101 Flintlake Road, Columbia, SC 29223
- M. B. Kahn Division, 101 Flintlake Road, Columbia, SC 29223
- Kahn Corporation Division, 101 Flintlake Road, Columbia, SC 29223
- Specialty Division, 101 Flintlake Road, Columbia, SC 29223
- Water Works Division, 101 Flintlake Road, Columbia, SC 29223
- Greenville Division, 116 North Old Standing Springs Road, Greenville, SC 29604
- Charleston Division, 148 1/2 East Bay Street, Charleston, SC 29401

Location of office(s) which will be involved in this Project during both preconstruction and construction.

Our corporate office is located at 101 Flintlake Road, Columbia. In this office the preconstruction staff will be located. A project office will be located on the job site, and in that office the superintendent and other support personnel will be permanently located during the life of the project. The principal in charge and project manager will work primarily out of the Charleston and project offices as needed.

Organizational chart of the company, showing authority, structure, and depth of resources.

While enjoying the benefits of being a \$800 million dollar corporation, our clients experience the comfort and personal attention that comes from working with a smaller company. We are organized to allow each division to operate locally as an autonomous operation with flat management structure and strategically located to serve the Southeastern United States.

Our mission is to build more than a facility...

- President of American Society of Safety Engineers State Chapter

 Awarded the Distinguished Service to Safety Award
 Occupational Safety Council, 2005

DANIEL WESSINGER

Corporate Safety Director

Daniel can provide safety planning methods, policies and best practices for the procedures manual. Daniel is in charge of M. B. Kahn's extremely aggressive safety program. The program has won numerous awards and has been featured in several national publications, i.e., Nations Business and Professional Safety. Daniel periodically visits each job site, and he has the ultimate responsibility for the overall success of the safety program. He publishes a safety newsletter on a quarterly basis.

Responsibilities

•

Daniel oversees the M. B. Kahn's safety program. His duties include, but are not limited to, the following:

- Manage all safety personnel
- Oversee Incident investigation, reporting, and OSHA record keeping
- Manage all work comp claims
- OSHA 30hr Training instruction for all salaried supervisors
- Manage all OSHA inspections, citations, abatements
- Reviews and keeps M. B. Kahn's Safety Manual up to date
 - Oversee written safety procedures/ processes
- Oversee all safety training
- Oversee Drug Testing Program
- Oversee new-hire safety orientation procedures
- Oversee all and makes periodic jobsite safety inspections

M. B. Kahn Safety Awards Include:

South Carolina Chamber of Commerce Safety Awards

Commendation of Excellence: 2000, 2001, 2003 - 2015

South Carolina Dept. of Labor, Licenses & Regulations

• Safety Achievement Award: 2001, 2003, 2009, 2015

South Carolina Occupational Safety Council

- Perfect Record Certificate
- Efforts and Achievements in Accident Prevention
- Safety Performance Certificate
- Palmetto Safety Award: 2001, 2003
- Achievement in Accident Prevention: 2002, 2004, 2005, 2006, 2007, 2008

Carolinas AGC

- Safety Excellence: First Place 2003 over I million man hours
- President Award: 2001, 2003, 2007, 2009
- Merit Award: 2002, 2004, 2005, 2006, 2008, 2010, 2012, 2013
- Achievement for Outstanding Safety Performance: 2011

Associated Builders and Contractors

- STEP Award Gold Level: 2009, 2010, 2012, 2013, 2014, 2015
- Platinum Step Award: 2011

Identify current team member obligations, project assignments, and the approximate percentage of time each team member will spend on this project during the different stages of the project.

The team members' percentage of time to be spent on the project is listed below. As far as their assignments and obligations are concerned, the Project Managers and Superintendents assigned to your project have been assigned because they will be completing the projects to which they are assigned.

M. B. Kahn's preconstruction staff is large enough to handle several projects simultaneously. We, in fact, are ready to begin work immediately upon notice to proceed.

Describe how the construction team would be organized throughout the life of the Project.

Assigned Project Managers and Superintendents will be present at interviews. The organization of the construction team is as follows:

Principal-in-Charge	Chris Pettit	Continuously
---------------------	--------------	--------------

Chris will be involved throughout the life of the project, and takes responsibility for ensuring the project's success.

Project Managers	Tripp Williams, Rob Jeffcoat	100%

Their involvement will be 100% in the Project Manager role. Each has a lot of experience in Beaufort County School District, especially with new construction and renovations.

Superintendents	Randy Crummie	50%
	Chris Thigpen,	100%

Chris Thigpen will be present on the job site 100% of the time, with Randy Crummie onsite 50% and/or as needed. They are responsible for the day-to-day operations of the projects on site. Chris is available as needed.

Corporate Safety Daniel Wessinger Weekly

The safety team will monitor safety throughout the life of the project. Weekly site inspections will provide feedback directly to the Project Managers. Each inspection will provide a "Grade" between 1 and 10. Any inspections generating a grade below 7 will require a meeting between the Project Managers and the Superintendents.

M. B. Kahn Construction Co., Inc.

Specifically identify your assigned Project Manager and possible Superintendents for the Project. Proposers shall propose a single Project Manager that will be assigned to all project sites. It is the intent of the District to have a single point of contact (per general contractor selected) for all project sites for preconstruction through completion of construction. The proposed Project Manager must be present at the RFP interviews, and the selected firm must commit to maintain the same persons as Project Manager for the entire duration of the project.

M. B. Kahn's assigned Project Managers and possible Superintendents for the project will be as follows:

Project Managers Tripp Williams, Rob Jeffcoat

Their involvement will be 100% in the Project Manager role. Each has a lot of experience with this team, especially with new construction and renovations on existing campuses and will be the main contact for the duration of the contract.

General Superintendent Randy Crummie

Chris will be present on the job site 100% of the time. He is responsible for the day-to-day operations of the projects on site.

Superintendent

Chris Thigpen,

Describe your team's experience as part of a similar Project Team.

This Proposed Project Team has been working together for years, and there is a synergy among them that is evident in their work. Chris Thigpen and Randy Crummie started working together over 20 years ago in on school projects in Charleston County, and for the last 10 years continuously with Beaufort County School District as well. There is not a school in Beaufort County they have not touched, and most of the principals in the district know them by name, and by their respect for their staff and students during projects.

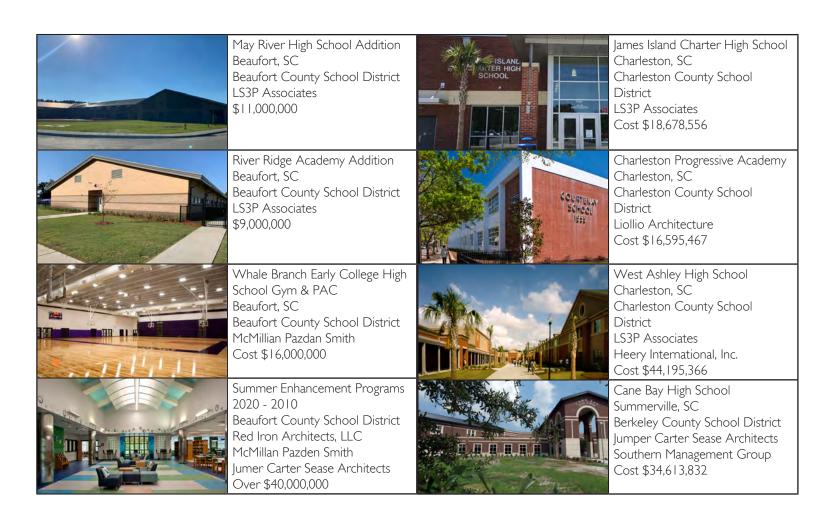

Chris Pettit, Randy,and Thigpen have been working continuously together for Berkeley, Beaufort, and Charleston County School District for over 10 years as well. They work well together, rely on each other, and have each other's backs. Rob Jeffcoat has been a welcomed addition to the team the last 6 years with the construction of Whale Branch Early College Gym and PAC additions, and numerous Summer Work Programs. He currently is working with Randy Crummie on the last quarter of work at May River High School Addition. Tripp Williams has also built his share of schools as well, including being the onsite Project Manager for James Simons Montessori School in Downtown Charleston. During this time M. B. Kahn had 4 School Projects ongoing all at once within 1 mile. Tripp was able to work with Randy, and Chris at Charleston Progressive on coordinating manpower, equipment, and subcontractors so that it did not hinder either project, nor the two others (Rivers Education Center and Buist Academy) ongoing at the same time. All 4 projects completed on time and are still to this day some of Charleston County's finest examples of schools in downtown Charleston that blended Historical and New Construction initiatives.

We are accustomed to high profile renovation and addition projects, especially on existing campuses, such as Beaufort County School District's summer renovations and Whale Branch Early College High School Gym and Performing Arts Center. Our team has experience in communicating effectively with other team members, architects and engineers, School District staff, Board members, and the public. We also have a continuing relationship with LS3P, the architects selected by Beaufort County School District. If you asked the Architects and current BCSD Project Managers, they will tell you we implement and maintain a TEAM approach and partnership from project start through project finish and closeout.

While a contract establishes legal relationships, the Partnering process will establish working relationships among the parties (stakeholders) involved through a mutually developed, formal strategy of commitment and communication. It creates an environment where trust and teamwork prevent disputes, foster a cooperative bond to everyone's benefit, and facilitate the completion of a successful project. This TEAM approach does not just lie with M. B. Kahn, BCSD, and the Design Team. It trickles into our subcontractor and vendor relationships as well. We are only as good as the partners we work with, so creating this environment will be of the utmost importance and start from the day we are hired.

We believe Beaufort County School District is extremely wise to select the CMR process for Hilton Head Middle School. The Construction Manager needs to work closely with the architect and owners during the design to ensure budget and schedule compliance. It is essential that early material and equipment orders are identified and placed. Also the work needs to be well planned (including staffing) during the fall so that early site packages can be planned for and permitted, early steel and other long lead materials be bid out early and release in order to meet the construction schedule.

The knowledge, experience together, and company tenure of your proposed team is unmatched, and uncommon in this current market. This has provided M. B. Kahn and our clients with the continuous type of service and commitment that was established and ingrained in our employees over 94 years ago when we first opened. Your team will be here from start to finish, and we aren't going anywhere. We'll be here when you need us.

SECTION 4 - PREVIOUS EXPERIENCE

M. B. KAHN CONSTRUCTION CO., INC. PROPOSAL FOR THE BEAUFORT COUNTY SCHOOL DISTRICT

M. B. Kahn Construction

CONSTRUCTION MANAGEMENT AT RISK SERVICES FOR HILTON HEAD MIDDLE SCHOOL - RENOVATION OF SCHOOL ON ACTIVE CAMPUS

Describe your previous experience in providing the similar services as described above. Provide a minimum of three references of similar projects for these services.

M. B. Kahn has been in business since 1927, and has managed the construction of more than 1,200 K-12 public school facilities over the course of our 93-year history. Our local and regional K-12 educational experience makes us uniquely qualified to provide Construction Phase services, starting with Preconstruction Services. We are currently working in the following South Carolina School Districts, and have provided preconstruction/construction services to each: Beaufort, Berkeley, Charleston, Lexington One, Lexington Four, Richland One, Richland Two, Dorchester 4, and Rock Hill Three. We are keenly aware of the South Carolina construction bid climate, and we employ full-time cost estimators and schedulers to keep us abreast of material and labor trends.

M. B. Kahn as a company, and the personnel we will assign to your building program, has considerable public school experience and specific experience in South Carolina school construction. M. B. Kahn has managed more than two billion dollars of school construction projects in the last 10 years, and more than 70% of M. B. Kahn's total volume is educational construction. As you will see from our extensive list of school experience, we have worked with many school districts in South Carolina, and we have quite an impressive list of references. We encourage you to call them.

Additionally:

(i) Indicate any such project where Liquidated Damages were assessed against your firm for failure to achieve substantial completion within the Contract Time, and describe the circumstances of the same.

M. B. Kahn has never had liquidated damages assessed against us for any reason.

(ii) Identify any such project in which your firm made a Claim or Change Order Request for acceleration damages, and describe the circumstances of the same.

During 2013 it became necessary to accelerate construction on 2 projects for Charleston County School District. These projects are Buist Academy and Charleston Progressive Academy in downtown Charleston. These projects worked 7-10 hour days a week. Because these were hard bid projects it has been necessary to handle the acceleration costs through change orders. The change orders are were worked out amicably.

(iii) Identify any such project in which your firm was terminated (whether for cause or for convenience) by the owner prior to substantial completion, and describe the circumstances of the same.

M. B. Kahn has never been terminated by an Owner for any reason.

(iv) Identify all projects which had a negotiated fee or guaranteed maximum price.

In order to fully answer this question, we have annotated our list of projects attached with "Negotiated". It is important to note that M. B. Kahn procures work through a variety of delivery methods including hard bid. This keeps us competitive in the market place and well acquainted with the subcontractors who provide the best value for our clients. The list of 'Negotiated'' projects begins below.

Project	City	State	Contract Amount	Year

*Due to savings by MBK against the original estimated GMP, BCSD was able to add additional scope to the program for summer upgrades

Provide descriptions of five renovation projects most comparable to the proposed project in which your firm has been involved over the last five years (at least two must be completed). Include the services provided, the Project Team members, schedules and references.

Though all 5 projects highlighted are some we want to showcase due to similar experience and relevance, we also want to show some pictures of our successful projects with LS3P over recent years. Its a valued relationship, and we look forward to the opportunity to work with them again, and specifically the team from their Savannah office in which we worked together on River Ridge Academy and May River High School.

With that project and similar experience in hand, we have since delivered the following 5 projects we think are similar as they are on existing campuses, included construction of a new facility and demoing the original structure, and renovating and expanding an existing building while students are in the building.

- James Island Charter School
- Riverview Charter School
- BCSD Summer Work

- Whale Branch Early College High School Gym & PAC
- River Ridge Academy Addition

AS A LEADER IN THE CONSTRUCTION INDUSTRY, WE WORK WITH LEADING CLIENTS TO CONSTRUCT CUTTING-EDGE FACILITIES AND WE BRING THE FRUIT OF THIS EXPERIENCE TO BEAR ON ALL OF OUR COMMISSIONS

This is a multi-phase addition and renovation to an occupied facility. Renovations include expansion of the media center, renovation of the main entrance, and improvements to site utilities to accommodate portable classrooms. New construction includes a softball field with field house, parking, and a new 29,500 SF fine arts building. The new fine arts building will have a lobby, a 500 person auditorium, bathrooms, a band room, a drama room, and storage. The renovations to the media center include a new reading room, conference rooms, a teacher work room, and a clerk work room with the renovations to the main entrance including a new vestibule as well as an assistant principal office. The sitework and soil improvements were provided by the Owner.

COMPLETED March 2016

JOB SUPERINTENDENT Randy Crummie

This was a multi-phase renovation to an occupied facility. Renovations included relocation of the administration area to the other side of the building, new exterior windows and aluminum entrances, conversion of the former administration wing into a new Kindergarten and Ist grade wing, installation of a new fire alarm system and sprinkler system throughout (no sprinkler service previously in building) food service equipment upgrades, and installation of a new playground and surfacing. Coordination between staff and M. B. Kahn during school hours was required constantly, and numerous weekends and nights were required due to the nature of the project.

Since 2010 M. B. Kahn has provided CMAR services for BCSD. Summer renovation and addition projects are especially challenging because the physical work has to be put in place between school closing in June and opening in August. In order to make this happen, M. B. Kahn works collaboratively with BCSD and the Designers to plan, schedule, and procure the materials during the spring of each year. When school closes, M. B. Kahn springs into action and works around the clock as needed to put the work in place. BCSD uses M. B. Kahn summer after summer because of the strong relationship and history of performance.

M. B. Kahn began construction on a New Gymnasium and Performing Arts facility in January of 2018. The 27,000 sf Gymnasium, was completed in November of 2018, comprises of a new Competition Gymnasium, Weight Room, Group Toilets, Training Room, and a large Lobby and Exterior Courtyard for the local public to enjoy basketball and volleyball events.

The adjacent New 26,500 sf PAC Building was completed in April 2019. It houses a Performing Arts Center with Stage, Theatrical Lighting and AV equipment, Back of House Amenities including a workshop and dressing rooms, as well as a new Band and Chorus Classroom.

Both Buildings have been constructed on an active campus, requiring constant coordination with the existing school and its personnel.

Bank of America PO Box 448 Columbia, SC29211 Eva Nance (803) 255-7465 TD Bank, N.A. 1501 Main Street, #100 Columbia, SC 29201 Shannon Stephens (803) 251-1862

Describe all instances of project disputes, which, in the last five years, reached the level of:

- I. Formal mediation, arbitration, or litigation;
- 2. Significant settlements with clients, contractors, or subcontractors; or
- 3. Current significant pending claims or suits.

For each dispute, describe the parties involved, the nature of the dispute, and the amount of the dispute. Please provide this information for all such disputes arising out of the firm's projects, regardless of whether the firm was a party or witness in the dispute.

From time to time any Company may be defendant or plaintiff in various claims or litigation relating to matters arising in the ordinary course of construction operations. In the opinion of M. B. Kahn's management, the ultimate resolution of all such claims or litigation will not have an adverse material effect on the consolidated financial condition of the Company. Prior to final selection, M. B. Kahn will be happy to furnish more specific information, on a confidential basis, regarding each individual case.

Identify any occasion in the past five (5) years where any Surety was required to pay any claim against any Payment Bond furnished by the Proposer for any project.

M. B. Kahn's surety has never been required to pay any claim against any Payment Bond for any project.

Identify any occasion in the past five (5) years where any Surety was required to render or secure performance due to any owner under any Performance Bond furnished by the Proposer for any project.

M. B. Kahn's surety has never been required to render or secure performance due to any owner under any Performance Bond furnished by the Proposer for any project.

Identify any occasion in the past five (5) years where any Surety requested any owner of a project in which the Proposer had furnished Performance and/or Payment Bonds to make any payment(s) by joint check to the Proposer and Surety.

M. B. Kahn's Surety has never been requested any owner of a project in which the Proposer had furnished Performance and/or Payment Bonds to make any payment(s) by joint check to the Proposer and Surety.

Provide a certificate showing your current Commercial General Liability (CGL) insurance policy and any other insurance policies (such as professional liability) that would be applicable to the Project.

RE: M.B. Kahn Construction Co., Inc.

To Whom It May Concern:

I am pleased to advise that McGriff Insurance Services through Travelers Casualty and Surety Company of America has provided contract bonds on behalf of M.B. Kahn Construction Co., Inc. for over seventy five years. Travelers Casualty and Surety Company of America is rated A+ by A.M. Best and is licensed to conduct business in the state of South Carolina.

We have enjoyed an excellent relationship with the M.B. Kahn Construction Co., Inc. and have observed a very successful operation which has encompassed a wide variety of projects, all of which have been completed with no intervention by the Surety. We consider them one of our outstanding and most valued clients in whom we have the highest confidence. Through the years this company has, in our opinion, remained properly financed, well equipped and capably managed.

It is our opinion that M.B. Kahn Construction Co., Inc. is qualified to perform any project awarded to them and at their request we are prepared to provide the required 100% performance and labor and material payment bonds for the above referenced project.

M.B. Kahn Construction Co., Inc. presently has bonding capacity on single projects in excess of One Hundred Fifty Million Dollars (\$150,000,000) with a total aggregate of Seven Hundred Fifty Million Dollars (\$750,000,000). Approximately Five Hundred Million (\$500,000,000) in bonding capacity is still available at this time.

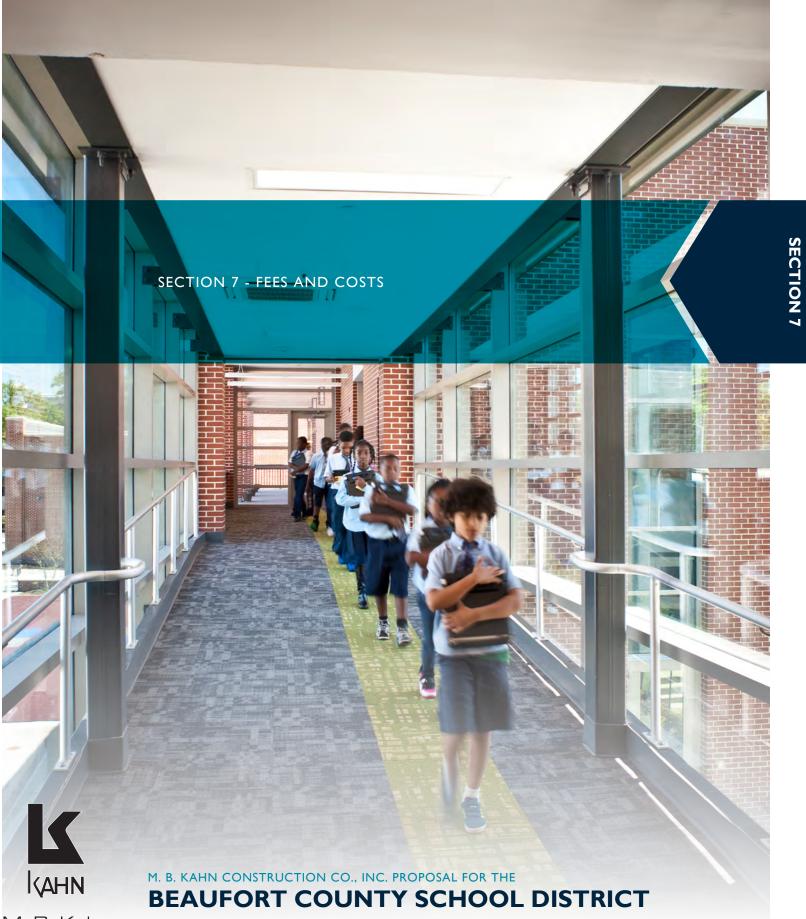

If additional information is needed concerning M.B. Kahn Construction Co., Inc., please feel free to contact me.

Sincerely,

TRAVELERS CASUALTY AND SURETY COMPANY OF AMERICA

CONSTRUCTION MANAGEMENT AT RISK SERVICES FOR HILTON HEAD MIDDLE SCHOOL - RENOVATION OF SCHOOL ON ACTIVE CAMPUS Pre-Construction services will vary from project to project depending on the scope and complexity of each project. Services will include field verification, constructability reviews, and cost estimating. Providing hourly rates for the following services:

- a. Estimating= \$70/hour
- b. Field Verification= \$70/hour
- c. Constructability reviews= \$70/hour
- d. Project Management (during pre-construction)= \$70/hour

As stated in § 5.2 of the AIA 121-CMC included as part of this RFP, the Guaranteed Maximum Price consists of the Cost of Work plus the Fee (%). The Construction Phase Fee will be scored on the following situation for the purpose of comparison of hypothetical proposals:

A. For the project scope described in Section II of this RFP: Assume that the "Cost of the Work" as defined in Article 6 of the AIA 133-CMC except for a 100% performance bond and a 100% payment bond for HHIMS renovation is \$20 million. Assume the project schedule is as stated in Section II of this RFP, above. State the Construction Phase Fee (as a percentage of the Cost of the Work) your firm would propose and state your cost of the 100% performance and 100% payment bonds for the project.

Fee = 4% Bond Cost = \$99,250

CONFIDENTIAL

Construction Phase fees shall include all overhead and profit associated with the project (Project Manager, home office administration, etc). Only 100% site-based labor will be allowed as part of the cost basis for the project. The owner reserves the right to review staffing of project prior to finalizing the contract(s).

The Contractor and Surety are bound to the Owner in the amount set forth above, for the payment of which the Contractor and Surety bind themselves, their heirs, executors, administrators, successors and assigns, jointly and severally, as provided herein. The conditions of this Bond are such that if the Owner accepts the bid of the Contractor within the time specified in the bid documents, or within such time period as may be agreed to by the Owner and Contractor, and the Contractor either (1) enters into a contract with the Owner in accordance with the terms of such bid, and gives such bond or bonds as may be specified in the bidding or Contract Documents, with a surety admitted in the jurisdiction of the Project and otherwise acceptable to the Owner, for the faithful performance of such Contract and for the prompt payment of labor and material furnished in the prosecution thereof; or (2) pays to the Owner may in good faith contract with another party to perform the work covered by said bid, then this obligation shall be null and void, otherwise to remain in full force and effect. The Surety hereby waives any notice of an agreement between the Owner and Contractor to extend the time in which the Owner may accept the bid. Waiver of notice by the Surety shall not apply to any extension exceeding sixty (60) days in the aggregate beyond the time for acceptance of bids specified in the bid documents, and the Owner and Contractor shall obtain the Surety's consent for an extension beyond sixty (60) days.

If this Bond is issued in connection with a subcontractor's bid to a Contractor, the term Contractor in this Bond shall be deemed to be Subcontractor and the term Owner shall be deemed to be Contractor.

When this Bond has been furnished to comply with a statutory or other legal requirement in the location of the Project, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted herefrom and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. When so furnished, the intent is that this Bond shall be construed as a statutory bond and not as a common law bond.

Robert L. Raney, Senior Vice President

On this the 17th day of January, 2019, before me personally appeared Robert L. Raney, who acknowledged himself to be the Senior Vice President of Travelers Casualty and Surety Company of America, Travelers Casualty and Surety Company, and St. Paul Fire and Marine Insurance Company, and that he, as such, being authorized so to do, executed the foregoing instrument for the purposes therein contained by signing on behalf of said Companies by himself as a duly authorized officer.

IN WITNESS WHEREOF, I hereunto set my hand and official seal.

My Commission expires the 30th day of June, 2021

HOTARY -110-PH/25.10 Nowik, Notary Public

This Power of Attorney is granted under and by the authority of the following resolutions adopted by the Boards of Directors of Travelers Casualty and Surety Company of America, Travelers Casualty and Surety Company, and St. Paul Fire and Marine Insurance Company, which resolutions are now in full force and effect, reading as follows:

RESOLVED, that the Chairman, the President, any Vice Chairman, any Executive Vice President, any Senior Vice President, any Vice President, any Second Vice President, the Treasurer, any Assistant Treasurer, the Corporate Secretary or any Assistant Secretary may appoint Attorneys-in-Fact and Agents to act for and on behalf of the Company and may give such appointee such authority as his or her certificate of authority may prescribe to sign with the Company's name and seal with the Company's seal bonds, recognizances, contracts of indemnity, and other writings obligatory in the nature of a bond, recognizance, or conditional undertaking, and any of said officers or the Board of Directors at any time may remove any such appointee and revoke the power given him or her; and it is

FURTHER RESOLVED, that the Chairman, the President, any Vice Chairman, any Executive Vice President, any Senior Vice President or any Vice President may delegate all or any part of the foregoing authority to one or more officers or employees of this Company, provided that each such delegation is in writing and a copy thereof is filed in the office of the Secretary; and it is

FURTHER RESOLVED, that any bond, recognizance, contract of indemnity, or writing obligatory in the nature of a bond, recognizance, or conditional undertaking shall be valid and binding upon the Company when (a) signed by the President, any Vice Chairman, any Executive Vice President, any Senior Vice President or any Vice President, any Second Vice President, the Treasurer, any Assistant Treasurer, the Corporate Secretary or any Assistant Secretary and duly attested and sealed with the Company's seal by a Secretary or Assistant Secretary; or (b) duly executed (under seal, if required) by one or more Attorneys-in-Fact and Agents pursuant to the power prescribed in his or her certificate or their certificates of authority or by one or more Company officers pursuant to a written delegation of authority; and it is

FURTHER RESOLVED, that the signature of each of the following officers: President, any Executive Vice President, any Senior Vice President, any Vice President, any Assistant Vice President, any Secretary, any Assistant Secretary, and the seal of the Company may be affixed by facsimile to any Power of Attorney or to any certificate relating thereto appointing Resident Vice Presidents, Resident Assistant Secretaries or Attorney-in-Fact for purposes only of executing and attesting bonds and undertakings and other writings obligatory in the nature thereof, and any such Power of Attorney or facsimile seal shall be valid and binding upon the Company and any such power so executed and certificate bearing signature and facsimile seal shall be valid and binding on the Company in the future with respect to any bond or understanding to which it is attached.

I. Kevin E. Hughes, the undersigned, Assistant Secretary of Travelers Casualty and Surety Company of America, Travelers Casualty and Surety Company, and St. Paul Fire and Marine Insurance Company, do hereby certify that the above and foregoing is a true and correct copy of the Power of Attorney executed by said Companies, which remains in full force and effect.

Dated this / day of

evin E. Hughes, Assistant Secretary

SECTION 8 - MISCELLANEOUS

M. B. KAHN CONSTRUCTION CO., INC. PROPOSAL FOR THE BEAUFORT COUNTY SCHOOL DISTRICT

M. B. Kahn Construction

CONSTRUCTION MANAGEMENT AT RISK SERVICES FOR HILTON HEAD MIDDLE SCHOOL - RENOVATION OF SCHOOL ON ACTIVE CAMPUS

Describe your information management systems and Owner reporting systems. Explain how these systems tie to the initial cost projections and final estimate.

M. B. Kahn uses a variety of methods to ensure the Owner is fully informed throughout the life of the project. All team members will be involved during every stage of the project. Randy Crummie will be onsite and available to the Owner's representative. Also, detailed daily progress reports will be written by the Superintendent so a detailed log of daily activities will be available as well. Our Onsite Project Managers will schedule and attend weekly meeting with an Owner representative. This will ensure accurate reporting and monitoring of all progress and potential problems during the construction phase. Our most valuable tool for record keeping and monitoring is the use of web based project management.

M. B. Kahn has extensive experience with web based project management applications. Currently we can offer the use of our secure and dedicated ftp website for posting all project information as well as being able to use Plangrid and/or Procore to provide project stakeholders access to project documentation. These web based project control programs record, manage and report all project specific information. The software stores and tracks project data from preconstruction through final delivery and provides a central location for budget information, contracts and purchases, construction documents, submittals and approvals, change orders, correspondence, meeting minutes, job site photos, safety reports, daily progress reports, punch list and closeout documentation.

Each of these information platforms allow us to more effectively organize, analyze, and manage your project. We offer the flexibility to utilize the system that best manages your project and by being web based, the system becomes a tool that allows remote access to the entire project team, permitting real time communications and a faster flow of information. Using web based project management means that all the pertinent project information is available at all times.

In short, M. B. Kahn offers a flexible, open book system that is technology driven and designed to keep the Owner informed and to provide our managers with beneficial and up to date cost control data.

Describe the process you would utilize to qualify and bid Subcontractor and Vendors for the Project.

M. B. Kahn has a wealth of knowledge in this area, which we constantly update in a database specifically kept for this purpose. Virtually all established subcontractors and vendors in the Southeast are well known to M. B. Kahn, and those new to us can easily be screened through our access to financial and legal information. Earlier, we made comment to our active interest in encouraging new and emerging firms to bid on our projects, with the intent of expanding our base of qualified participants, leading to more competitive pricing. We take great pride in our track record of supporting MWBE initiatives, and have a number of established subcontractors and vendors who follow our firm in hopes of additional opportunities.

Using AIA Documents A305 (Contractor's Qualification Statement), A310 (Bid Bond), and A312 (Performance Bond), we are able to gain necessary information about all interested subcontractors and vendors, which we verify for accuracy and completeness. In circumstances where M. B. Kahn is participating in an At-Risk or GMP capacity, and intends to use a subcontractor unable to secure bonding, we absorb that subcontractor's liability under the umbrella provision of our bond.

Include one sample of the following items with your response to the Request for Proposal:

- o **Project Cost Estimate (similar format to the one proposed for this** project).
- o Daily and Monthly project report to the Owner.
- o Log(s) for tracking work progress.

• Other tracking items you feel would be helpful in showing how you would assure the Project is delivered on time and on budget.

All items are located in the back of this section.

Describe how you will address and promote the District's M/WBE Policy in the Construction Phase. All selected contractors will be expected to participate in District sponsored meetings promoting minority/local sub-contractor participation

We anticipate exceeding your MBE participation goals because M. B. Kahn's "good faith efforts" go beyond the normal scope and properly package the project to the most economical advantage of both the Owner and minority/women bidders. The advantages of M. B. Kahn's approach include:

- Improved quality through prequalification of critical trades.
- Elimination of bid shopping.
- Increased local contractor participation due to smaller contracts.
- Enhanced opportunity to exceed Minority/Women participation goals.

M. B. Kahn has an excellent record in achieving minority involvement. A few examples of minority participation on our projects are included on the next page.

Workshops/Seminars

We conduct informative workshops and seminars to inform minority contractors on correct bidding procedures and proper names/contacts to maximize their opportunity to participate. Seminars are advertised in local papers, as well as through mailings described below.

Directory and Mass Mailings

M. B. Kahn's staff, teamed with other local MBE consultants, will begin immediately identifying available local MBE contractors. The scope of each project will be reviewed to target opportunities for minority firms. Customized bid packages will be tailored to insure MBE participation. This process may include offering smaller contracts including install only or material only contracts. Our extensive experience has allowed us to establish long-lasting relationships with many quality MBE firms. We are able to notify potential MBE firms via mass mailings.

Innovative Methods

M. B. Kahn will use its stable financial status to offer unique contractual options for MBEs. One innovative aspect of this portion of our program is "co-bonding". With co-bonding, M. B. Kahn's bonding capacity with Fireman's Fund will support firms that have previously been unable to participate in public projects of this scope due to lack of bonding, weak financial statements, or to firms that have been in business less than five years. By participating in this co-bonding program, MBE firms develop their own relationships with Fireman's Fund, thus paving the way for these firms to later bond public projects on their own.

M. B. Kahn's staff will schedule pre-bid conferences specifically for MBEs to clarify contractual issues, assure the understanding of the scope of work, and explain the bid process. M. B. Kahn's Preconstruction Services staff will be available throughout the bid process to offer further assistance to any prospective MWBE contractor. Once bids are awarded, M. B. Kahn will offer flexible payment options for MBEs whose financial status warrants such. Through this approach, the Owner is assured greater bid participation by MBEs. We will track participation and provide summary reports for MBE participation.

LOCAL AND MINORITY PARTICIPATION SUCCESS

MUSC Health West Campus, Charleston, SC 46 % current projection, 14% MBE, 15% WBE, 17% SBE

Charleston County Libraries, Charleston, SC Slated County goal of 12.2%, currently achieving 20% participation

by MBE firms.

North Charleston Creative Arts, Charleston, SC SWMBE participation rate of 41%

Anderson School District One, SC New Powdersville High School We bid the project and were responsible for gaining local participation. 75% local participation was achieved on public bid!

Beaufort County Schools, SC60% DBE Participation in Summer Renovations program.

Charleston County Public Schools, SC 41% DBE Participation on Rivers Education Center Phase 1

Columbia Metropolitan Convention Center, SC 41.9% minority / women participation, and local participation was 88%

James Simons School, Charleston, SC 75% M/W/DBE

Fairfield County Schools, SC New Career-Tech Center - 55% Local Region / DBE Participation Achieved

Ninety Six High School, Ninety Six, SC

This small town had a local brick company that they wanted to involve with the school. Kahn was able to incorporate the company and their local brick was used in the school.

Horry County Judicial Center, SC Minority participation of 27.5%, and local contractors performed 65% of the work.

Richland School District Two, SC

43% minority / women participation on building program. HUB percentage participation in this School District increased from 1% to 43% after hiring M. B. Kahn.

Any other information that you believe may assist the Owner in deciding that your firm is best qualified for the Project.

Local Economic Impact Plan

The participation of local businesses will be implemented early in the development of this project. We understand that this is a high-profile project in the community and media. M. B. Kahn has a successful track record with positive community and media relations, as evidenced by the information below.

The successful completion of these school construction projects in the community will present numerous opportunities to individuals and businesses throughout the Beaufort County area. One of the ways M. B. Kahn enhances these opportunities is by making public the scope of services and timing of such needs so that all local labor and material providers have ample time to prepare for such delivery. We have found that using local area providers to the fullest extent possible contributes to improved work quality as well as competitive pricing, both of which work very well for the owner. To that end, M. B. Kahn typically develops multiple bid packages for various trades, and then vigorously solicits bids from as many qualified firms as possible. Additionally, we work closely with small and emerging firms to assist them with surety bonding, as well as cash flow measures that improve their financial stability.

M. B. Kahn will diligently look for ways to work closely with local and MBE subcontractors and suppliers to incorporate their services as a part of the overall team. M. B. Kahn anticipates having successful participation of local and MBEs because our efforts go beyond the normal scope of solicitation for local and MWBE subcontractors. We package the project in a way that is advantageous to the capabilities of the local and MWBE subcontractor. In other words the division of work is tailor made to suit the local and minority market place. The pride of seeing schools being renovated or modified in the community has the effect of bringing the public together for the common good. Our experience has convinced us that good local area partnerships result in better run projects, and good cooperation among all players.

Design Team Cooperation

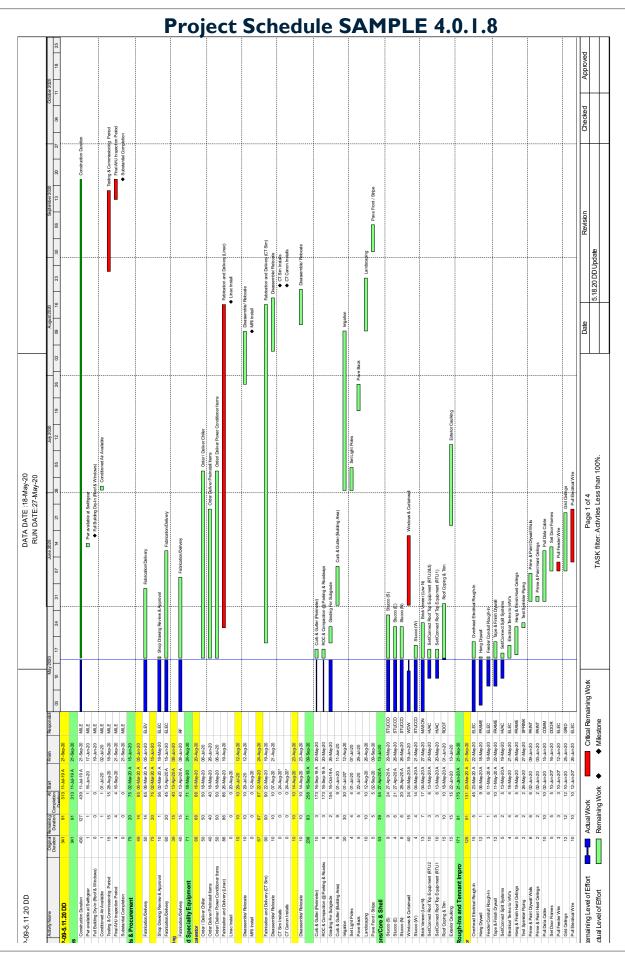

Working closely with the design team, M. B. Kahn will explore various initiatives that allow sustainable construction in concert with available funding and schedule priorities. We feel as though there may still exist some circumstances where our Preconstruction Staff can offer suggestions that are viable, and do not negatively impact the critical schedule and budget objectives. Certainly, our field staff will exercise great care in the use and storage of materials during construction, taking all necessary precautions to protect the site environment to the fullest extent possible.

HILTON HEAD MIDDLE SCHOOL - RENOVATION OF SCHOOL ON ACTIVE CAMPUS

Business Enterprise Utilization Report

List all vendors/subcontractors to be used on this project. All MBEs or WBEs proposed for utilization on this project must be certified by the Small and Minority Business Assistance Office through the State of South Carolina according to the criteria of the Beaufort County School District's Minority Business Enterprise Plan prior to utilization on this project.

Below are subcontractors M. B. Kahn has worked with and will bid this project. We also intend to reach out to as many additional subcontractors as we can to ensure the participation goals of Beaufort County School District are met. Most of the listed subcontractors are also certified by the Governor's office as well as SCDOT and many of them are also 8a certified.

Subcontractor	Gender Group	Address	Phone #	Email
Hilton Head Housecare LLC	AABE	29 Tanglewood Drive Beaufort, SC 299021	(843)830- 6691	hh@islc.net
Ashley Steel, Inc.	WBE	PO Box 62140 N. Charleston, SC 29419	(843)552- 7400	sales@ashleysteem.com

Statement of Intent

We, the undersigned have prepared and submitted all the documents required for this project. We have prepared these documents with a full understanding of the Beaufort County School District's goal to ensure equal opportunities in the proposed work to be undertaken in performance of this project. Specifically, the BCSD seeks to encourage and promote on an inclusionary basis contracting opportunities without regard to the race, gender, national origin or ethnicity of the ownership or management of any business and that it is an equal opportunity employer and contracting entity. We certify that the representations contained in theMinority/Woman Business Enterprise (M/WBE) Utilization Report, which we have submitted with this solicitation, are true and correct as of this date. We commit to undertake this contract with the Minority/Woman Business utilization Report we have submitted, and to comply with all non-discrimination provisions of the Minority/Woman Business Enterprise Program in the performance of this contract.
